

BUFFER X-TRA

SPREADER - ACTIVATOR - BUFFER

PRECAUTIONARY STATEMENTS

CAUTION: Hazardous to humans and animals. Causes eye and skin irritations. Ingestion may cause nausea, vomiting, acidosis and shock. When mixing or applying agricultural sprays, always wear spray goggles and impervious gloves plus protective clothing as recommended on pesticide labels.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Follow all governmental procedures for the disposal of pesticide spray solutions. Rinse container, empty rinsate into spray tank. Dispose of empty container according to approved local practices.

CONDITIONS OF SALE

The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond control of the manufacturer, no expressed or implied warranty or guarantee is made except in conformity with the statements on the label. Neither the manufacturer nor the seller shall be responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to other persons from handling, storage or use of this material not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on those conditions

SPECIMEN LABEL

ACTIVE INGREDIENTS

Alkylaryl/polyoxyethylene Glycol, Isopropanol, Phosphoric Acid.....	40.0%
Constituents Ineffective as a Spray Adjuvant.....	60.0%
TOTAL	100%

All ingredients are exempt from tolerance levels in CFR 40, 180,1001

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

If this product gets into the eyes, immediately wash the eyes with large amounts of water for at least 15 minutes, occasionally lifting the upper and lower lids. Obtain immediate medical treatment. If this product gets on the skin, immediately wash the contaminated area. Seek medical attention if skin irritation persists. If this product has been swallowed and the person is conscious, immediately give large volumes of water. Do not induce vomiting. Seek immediate medical attention.

SHAKE BEFORE USE

GENERAL INFORMATION

BUFFER X-TRA is designed to increase wetting and give a more uniform coverage for agricultural chemical sprays. When used with systemic or translocated materials, BUFFER X-TRA increases absorption and aids in translocation of pesticides such as insecticides, fungicides, plant growth regulators, herbicides and miticides.

BUFFER X-TRA is a combination spreader-activator and buffer with non-foaming properties. As a spreader-activator, BUFFER X-TRA is 40% active non-ionic surfactant and is 8% active as a buffer. The adjuvant blend gives both wetting and pH adjustment while acting as an antifoam agent. Degradation of organic phosphates and certain carbamates is reduced significantly. BUFFER X-TRA contains phosphates, improving plant response to foliar micronutrients. BUFFER X-TRA may be used with pesticides such as miticides, insecticides, fungicides, herbicides, plant growth regulators, and defoliant.

DIRECTIONS FOR USE

For use with pesticides including acaricides, insecticides, herbicides, fungicides, defoliant, and plant growth regulators. This product may be used in dilute or concentrate sprays.

Use 1 to 2 quarts per 100 gallons of spray solution.

Note: The above use recommendations are considered to be adequate for most uses. Some pesticides may require higher rates for optimum effect. Follow the pesticide label directions when this occurs. However, do not add this product at a rate which exceeds 5% of the finished spray volume.
